ZEADALLY, Sherali

University of the District of Columbia, USA

A lightweight secure mobile Payment protocol for vehicular ad-hoc networks (VANETs)
(2012) Electronic Commerce Research, 12 (1), pp. 97-123.

Balancing energy consumption with mobile agents in wireless sensor networks
(2012) Future Generation Computer Systems, 28 (2), pp. 446-456.

Internet protocol television (IPTV): Architecture, trends, and challenges
(2011) IEEE Systems Journal, 5 (4), art. no. 6031895, pp. 518-527.

On Linux starvation of CPU-bound processes in the presence of network I/O
(2011) Computers and Electrical Engineering, 37 (6), pp. 1090-1105.

RFID enabled traceability networks: A survey
(2011) Distributed and Parallel Databases, 29 (5-6), pp. 397-443.

Impact of denial of service solutions on network quality of service
(2011) Security and Communication Networks, 4 (10), pp. 1089-1103.

Service level agreements (SLAs) parameter negotiation between heterogeneous 4G wireless network operators
(2011) Pervasive and Mobile Computing, 7 (5), pp. 525-544.

TMS-RFID: Temporal management of large-scale RFID applications
(2011) Information Systems Frontiers, 13 (4), pp. 481-500.

Performance modeling of MPEG-4 video streaming over IEEE 802.11 using distribution coordination function
(2011) Wireless Communications and Mobile Computing, 11 (9), pp. 1312-1322.

A bio-inspired quality of service (QoS) routing algorithm
(2011) IEEE Communications Letters, 15 (9), art. no. 5959254, pp. 1016-1018.

TKJSE special issue on ubiquitous computing, technology, and applications
(2011) Tamkang Journal of Science and Engineering, 14 (3), pp. 179-180.

Multimedia applications over metropolitan area networks (MANs)
(2011) Journal of Network and Computer Applications, 34 (5), pp. 1518-1529.

Survey of media access control protocols for vehicular ad hoc networks
(2011) IET Communications, 5 (11), pp. 1619-1631.

Concurrent multipath transmission combining forward error correction and path interleaving for video streaming
(2011) Computer Communications, 34 (9), pp. 1125-1136.

Green networks
(2011) Journal of Supercomputing, pp. 1-2. Article in Press.

Energy-efficient networking: past, present, and future
(2011) Journal of Supercomputing, pp. 1-26. Article in Press.

RFID technology, systems, and applications
(2011) Journal of Network and Computer Applications, 34 (3), pp. 797-798.

Service level agreements (SLAs) parameter negotiation between heterogeneous 4G wireless network operators
Pervasive and Mobile Computing, . Article in Press.

Balancing energy consumption with mobile agents in wireless sensor networks
(2011) Future Generation Computer Systems, . Article in Press.

New technologies track chairs welcome message
(2011) 2011 4th IFIP International Conference on New Technologies, Mobility and Security, NTMS 2011 - Proceedings, art. no. 5720578, .

Guest Editors' Introduction to the Special Issue on "modern trends in applied security: Architectures, implementations and applications"
(2011) Computers and Electrical Engineering, 37 (2), pp. 127-128.

Vehicular ad hoc networks (VANETS): status, results, and challenges
(2010) Telecommunication Systems, pp. 1-25. Article in Press.

Guest editorial: Advances in RFID technology
(2010) Information Systems Frontiers, 12 (5), pp. 481-483.

Security attacks and solutions for vehicular ad hoc networks
(2010) IET Communications, 4 (7), art. no. ICEOCW000004000007000894000001, pp. 894-903.

Recent advances in multimedia networking
(2010) Multimedia Tools and Applications, pp. 1-13. Article in Press.

Guest editorial special issue on "Future multimedia networking"
(2010) Multimedia Tools and Applications, pp. 1-5. Article in Press.

Implementation and performance evaluation of a payment protocol for vehicular ad hoc networks
(2010) Electronic Commerce Research, 10 (2), pp. 209-233.

Editorial: Next Generation Networks (NGNs)
(2010) International Journal of Communication Systems, 23 (6-7), pp. 691-693.

Dynamic pricing for load-balancing in user-centric joint call admission control of next-generation wireless networks
(2010) International Journal of Communication Systems, 23 (3), pp. 335-368.

A programmable network address translator: Design, implementation, and performance
(2010) ACM Transactions on Internet Technology, 10 (1), art. no. 3, .

Assessing and improving authentication confidence management
(2010) Information Management and Computer Security, 18 (2), pp. 124-139.

Guest Editorial: Recent advances in wireless communications and networks
(2010) Wireless Communications and Mobile Computing, 10 (1), pp. 1-3.

Editorial for special issue of Telecommunication Systems on "Mobility management and wireless access"
(2009) Telecommunication Systems, 42 (3-4), pp. 163-164.
